Commissioner for Patents

The reply filed on May 19, 2006 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s):

In response to restriction requirement in office action mailed on December 1, 2005, Applicants have elected without traverse Group VI claims 16, 17, 27, 28, 29, 30 and 32, however Applicants' written response failed to elect a sequence from Table 1 of the instant specification. Since the elected group is that of group VI, which is directed to a method of use of polypeptide of Mipp1 homologous protein for the manufacture of a medicament, the election from Table 1 should be directed to a polypeptide. However it is reiterated that no sequence from Table 1 was identified in the above listed response. See 37 CFR 1.111.

Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
